

Managerial & Technical Staff

MiteyMike, WeNeverGetFunded Housing Executive Director – MiteyMike has served the WeNeverGetFunded Tribe for 3 years. MiteyMike previously held the position of a youth worker and has recently been hired as the Executive Director for the WeNeverGetFunded Housing Authority. Mike has experience in management as he supervised 25 children for afterschool activities such as skiing trips, basketmaking and drummaking. Mike managed a budget of \$3,500 and he purchased all the materials for crafts and hired the speakers for the events. With MiteyMike's past supervisory experience, we believe he will be able to manage this project and supervise the housing staff to implement this project.

SleepySally, Finance Director – Sleepy Sally shows up to work late. Bank reconciliations and HUD reports are months behind. The audit report reflects multiple findings. Financial status reports are not provided to the executive director in order for the Ex Director to analyze expenses for the prior year and make adjustments to this year's IHP.
