

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-5000

OFFICE OF PUBLIC AND INDIAN HOUSING

SPECIAL ATTENTION OF:

Administrators, Office of Native American Programs; Tribes; Tribally Designated Housing Entities

Notice: PIH-2022-16

Issued: June 09, 2022

Expires: This notice remains in effect until amended, superseded, or rescinded

Cross Reference: 24 CFR §1000.156-162; Notice PIH-2019-19

Subject: Total Development Cost (TDC) for Affordable Housing Under the Native American Housing Assistance and Self-Determination Act of 1996 (NAHASDA)

1. Purpose

This notice transmits the updated schedule for the maximum amount of funds that may be used for affordable housing under NAHASDA based on Marshall Valuation Service, Marshall & Swift/Boeckh, LLC (M&S/B) and RSMeans Residential Cost Data (RSMeans) for 2022. The requirement for the development and implementation of these limits is found at 24 CFR §§1000.156 through 1000.162 of the Indian Housing Block Grant (IHBG) regulations.

This notice also preserves previously provided regulatory relief with respect to TDC limits for the IHBG-CARES and IHBG-ARP programs.

This notice supersedes Notice PIH 2010-47, same subject, dated November 19, 2010, and all the Notices extending that notice, up to and including PIH-Notice 2019-19, dated July 18, 2019.

2. Background

Pursuant to the IHBG regulations at 24 CFR 1000.156, affordable housing developed, acquired, or assisted under the IHBG program must be of moderate design, and is subject to limitations on cost or design standards.

TDC limits are published periodically by HUD and establish the maximum amount of funds (from all sources) that an IHBG recipient may use to develop or acquire/rehabilitate affordable housing. The recipient must complete a comparison of the cost of developing or acquiring/rehabilitating the affordable housing with the limits provided by the TDC and may not, without prior HUD approval, exceed the TDC maximum cost for the project.

This notice transmits the latest TDC limits applicable to the IHBG program, and outlines procedures governing the circumstances when Tribes and TDHEs may exceed the TDC limits.

3. Applicability

TDCs apply to:

- a. All affordable housing assisted with IHBG funds after October 29, 2001, the effective date of the regulations cited above.
- b. Funds initially provided under the 1937 Act that were not obligated as of October 29, 2001.

4. Responsibility

The Tribe/TDHE is responsible for ensuring that the amount of funds from all sources used to construct each unit does not exceed TDC limits. The Tribe/TDHE must maintain records showing that housing was developed in accordance with these limits and in compliance with other applicable NAHASDA requirements. Units that improperly exceed TDC limits without appropriate HUD approval will not be deemed to be “affordable housing” and all IHBG funds expended on such units will be disallowed.

5. Determining TDC

A TDC is published for each Tribe and covers the tribal area. It specifies five dwelling sizes, ranging from one to five bedrooms, and can be applied to a multifamily building up to a fourplex. The construction of each dwelling unit in a duplex or fourplex must meet TDC limits.

TDC amounts are based on moderately designed housing. HUD uses two nationally recognized residential construction cost indices (M&S/B and RSMeans) for cost estimating construction of good and sound quality structure as follows:

Step 1: Determine Base Construction Cost for Each National Cost Indices by Bedroom Size and Climate Condition. HUD first determines a per dwelling unit Base Construction Cost for each of the national cost indices (M&S/B and RSMeans) for each of the bedroom sizes (one through five bedrooms) and adjusts for climate conditions (Standard, Severe, and Hostile). The Base Construction Cost includes the dwelling unit construction costs and associated site grading and utilities within five feet from the structure. Climate conditions reflect local cost differences in labor, shipping, and material costs.

Step 2: Apply Geographic Specific Multiplier to Determine Tribe’s “Local Construction Base Cost Indices”. HUD then applies the zip code for the Tribe or Tribal area based Local Cost Multiplier for each of the national cost indices to their respective Base Construction Cost for each of the national cost indices described in Step 1 above. These multipliers account for cost variations across geographies

- The M&S/B index publishes a Regional Multiplier (Eastern, Central, and West) that HUD also applies.
- RSMeans does not publish a similar regional multiplier. Therefore, a regional multiplier is not applied to the RSMeans side of the calculation.

Step 3: Determine Average of Tribe’s Local Construction Base Cost Indices. HUD computes the average of the Tribe’s two “Local Construction Base Cost Indices” by bedroom size and climate condition adjusted for geographic specific conditions as described in Step 2 above.

Step 4: Apply Special Tribal Multiplier. HUD then applies a multiplier to the amount described in Step 3 above to account for special Tribal conditions (Standard, Remote, Very Remote, Special Cases).

Step 5: Apply Overhead Multiplier. HUD then applies a multiplier of 1.75 to the amount described in Step 4 above for all Tribes to account for costs necessary for administration, planning, site acquisition, financing (including payment of carrying charges), and on-site demolition, construction, or equipment, and for otherwise carrying out the development of the project. The TDC multiplier includes site and infrastructure costs that are five feet from the structure to the boundaries of a housing site.

The above formula provides the maximum TDC for a multi-family project with one to four units, by summing the results from Step 5 for each unit in the project. The 2022 TDC limits are attached to this Notice.

In accordance with 24 CFR part 1000, the cost of infrastructure outside the boundaries of a housing site, and off-site costs such as water, sewer, roads, etc., are excluded from TDC limits.

Since the published TDCs only cover the tribally recognized land base, Tribes that are constructing or renovating affordable housing outside of their tribally recognized land base but within their Indian Area, as defined in their Indian Housing Plan, must request TDCs from the Area Office of Native American Programs (AONAP) on a project-by-project basis for those locations. Indian Area is defined in 24 CFR §1000.10 as the area within which a Tribe or TDHE operates affordable housing programs or the area in which a TDHE is authorized by one or more Tribes to operate affordable housing programs.

6. Affordable housing/moderate design

As specified in 24 CFR §1000.156, affordable housing must be of moderate design. For these purposes, moderate design is defined as “housing that is of a size and with amenities consistent with unassisted housing offered for sale in the Tribe’s general geographic area to buyers who are at or below the area median income.”

The local determination of moderate design applies to all housing assisted under an affordable housing activity, including development activities (e.g., acquisition, new construction, reconstruction, moderate or substantial rehabilitation of affordable housing, and homebuyer assistance) and model activities. Acquisition includes assistance to a family to purchase housing, such as down payment, closing costs, or loan assistance. Units with the same number of bedrooms within a project must be comparable with respect to size, cost, and amenities.

7. Recipient development of standards for housing of moderate design

A recipient must either use the TDC limits published by HUD or adopt written standards for its affordable housing programs that reflect the requirement specified in 24 CFR §1000.156. The standards must describe the type of housing, explain the basis for the standards, and use similar housing in the Tribe's general geographic area. (See 24 CFR §1000.158(b) for more detail on the required subject matter of the written policies that define moderate design as described in 24 CFR §1000.156.)

For each affordable housing project, the recipient must maintain documentation substantiating compliance with the adopted housing standards. For purposes of this requirement, a project is one or more housing units of comparable size and design, developed with assistance provided by IHBG funds.

NOTE: 24 CFR §1000.158 specifies that a recipient that develops standards for its affordable housing programs may not exceed 10 percent of the published TDC limits without prior HUD approval.

8. Variances

a. Variance to Published TDC: If a Tribe/TDHE determines that the published TDC amounts are not representative of construction costs in its area, it may provide the AONAP with a justification and request a variance. Variances may be requested for an individual project or for adjustments to current cost limits. The Area ONAP will review the request and justification to ensure it meets the requirements of this notice, and then forward its recommendations to ONAP Headquarters for final review.

b. Request to Exceed TDC by more than 10 Percent: In accordance with 24 CFR §1000.158(b), a recipient that has adopted written standards for its affordable housing programs must request HUD approval to exceed by more than 10 percent the TDC maximum cost for the project by providing the AONAP with a justification and requesting a variance. The Area ONAP will review the request and justification to ensure it meets the requirements of this notice, and then forward its recommendations to ONAP Headquarters for final review.

c. Request to Exceed TDC by 10 Percent or Less: In accordance with 24 CFR §1000.158 (c), a recipient that has not adopted housing standards for its affordable housing programs may not exceed the TDC maximum cost for the project without prior HUD approval. The AONAP Administrator has authority to approve these variance requests. A recipient must submit a request and justification to the Area ONAP.

9. Variance submission requirements

A request for a variance must be submitted to the Area ONAP and must identify the variance requested and include a justification. Relevant information to include in the justification to support a variance can include, but is not limited to, documentation demonstrating:

- a. Material costs have significantly increased since last publication of TDCs.
- b. Site acquisition costs are unusual.
- c. Transportation costs of materials have increased since the last publication of TDCs.
- d. Natural disasters occurring after the last TDC publication date have caused an increase in material, shipping, labor, and other construction costs.
- e. Special local conditions exist that result in higher construction costs as verified by historical cost data for building affordable housing in their community.
- f. Significant additional costs for incorporating green building, energy efficiency or other innovative practices, such as Indian Energy Resource regulation compliance.
- g. Evidence the Tribe/TDHE has worked with the AONAP to lower the costs of the project, etc.

NOTE: Construction bids for projects that exceed the published TDC limits cannot be the sole justification for a variance.

10. Special requests

- a. **Special Request 1:** If a Tribe/TDHE chooses to fund the development of housing outside of its tribally recognized land-base, thereby rendering the published TDCs for that Tribe inapplicable for that specific housing, it must request TDCs that are appropriate for that location and housing. The Area ONAP will receive the request and then forward it to ONAP Headquarters for determination.
- b. **Special Request 2:** If a Tribe/TDHE decides to fund the development of housing of a construction type that is not covered by these TDCs, including multi-family buildings of more than four units, it must request HUD to provide TDC costs specific to the type of housing it is developing. The Area ONAP will receive the request and then forward it to ONAP Headquarters for determination.

11. TDCs for Alaska

TDCs for remote areas of Alaska reflect revised limits to adjust the general construction cost data of the nationally recognized residential construction cost indices. This means that TDC amounts accommodate increased construction and transportation costs of building materials previously recognized in published TDC cost limits. Additionally, this notice constitutes HUD approval for a two-percent increase above the attached TDCs for construction projects in Alaska to meet Building Energy Efficiency Standards (BEES) requirements. BEES are only required when funds provided by the State of Alaska are used in conjunction with HUD funds. A Tribe/TDHE can contact the Alaska AONAP for information on applicability of BEES requirements.

12. Time adjustments

Data used for the calculation of the TDCs have been adjusted for time to coincide with the publication. No additional adjustments to the published TDCs are authorized. A Tribe/TDHE can use these new limits for current construction contracts if needed to accommodate change orders to cover increased housing costs since the last TDCs were published.

13. IHBG-CARES and IHBG-ARP TDC Limits

To facilitate and expedite the use of both IHBG-CARES and IHBG-ARP funds, HUD previously issued waivers and alternative requirements that authorized Indian Tribes and TDHEs to exceed the 2019 TDC limits outlined in PIH Notice 2019-19 by up to 20 percent, without prior HUD approval, provided the purpose of the development, acquisition or assistance being funded using IHBG-CARES and IHBG-ARP funds was to prevent, prepare for, and respond to COVID-19.

The IHBG-CARES TDC waiver/alternative requirement was included in the list of PIH waivers last issued in [PIH Notice 2021-14](#). The IHBG-ARP TDC waiver/alternative requirement was included in the IHBG-ARP Implementation Notice [PIH Notice 2021-11](#). The period of availability of both waivers/alternative requirements provided they would be available “only so long as the Total Development Costs specified in Notice PIH 2019-19 remain in effect.” Accordingly, with the issuance of this Notice, Notice PIH 2019-19 is superseded, and these two IHBG-CARES and IHBG-ARP waivers are no longer in effect.

To ensure that Indian tribes and TDHEs implementing their IHBG-CARES and IHBG-ARP programs do not experience disruption to their applicable TDC limits, to preserve any previously provided regulatory relief under these two COVID-relief programs, and to continue to facilitate or expedite the use of these funds, HUD is exercising its waiver authority pursuant to the CARES and ARP Acts to provide for the following alternative requirements:

Indian Tribes and TDHEs carrying out their IHBG-CARES grants; FY 2020 IHBG formula grants to prevent, prepare for, and respond to coronavirus; and IHBG-ARP grants are authorized to use the higher of the new FY 2022 TDC limit issued pursuant to this notice, or up to 20 percent of the TDC limit that was previously issued in PIH 2019-19, without prior HUD approval. This waiver will remain in effect until all such funds are expended.

14. Additional information

Please contact your AONAP for additional information regarding TDC requirements.
